Re- Real Film Festival 2018

Dear Annette,

For the last 6 years, I have been attending the Real Film Festival as a patron and as a volunteer.

I was a student at Hunter TAFE when I first volunteered on the festival in 2012 and the opportunities it has given me over the years are unprecedented.

The business networks that I have made have been invaluable; these networks have led to many business opportunities and I have gained employment not only in Newcastle but in all different states of Australia. I would like to thank you for the connections you gave me which has ensured I'm now working in the film industry.

The Film industry is such a small industry and for Newcastle to be the hometown of the Real Film Festival is an incredible opportunity that has grown so much since inception.

The festival caters for all different ages and it covers each areas of film production, so it gives the emerging, established and local businesses the understanding and tools of the industry.

Thank you again Annette, I can't wait for the 2018 Film Festival.

Kind Regards
