TO WHOM IT MAY CONCERN

The Westpac Rescue Helicopter Service has been involved with the **Real Film Festival** for the past four years.

We are delighted to be associated with a festival that provides opportunities for Novocastrians to view high quality film content and fosters the art of storytelling real events through film.

As the provider of aeromedical search and rescue services throughout Northern NSW we understand better than most the importance of telling real life stories. This year the festival will feature real life rescue stories of people assisted by the Westpac Rescue Helicopter Service.

The Real Film Festival team work hard to ensure there is on-screen representation of regional stories, stories that really resonate with the local audience.

The three day festival also provides unique engagement opportunities for film makers through industry development workshops, discussion panels and short film competitions.

In 2017 the Real Film Festival aired two of our short Rescue stories, exploring the personal experience of two locals. The films highlighted the vital role of the Rescue Helicopter in saving lives and we are grateful to the festival for sharing these inspiring stories.

The Real Film Festival team are professional, strong communicators with a passion for film.

We look forward to working with them again and wish them every success with the 2018 festival.

Sincerely,

Kylie Farrugia
