

Kristen Hepple (CAPA teacher)

Newcastle High School

Parkway Ave

Hamilton South

2303

Dear Sir/Madam,

Newcastle High school students have attended the Real film festival over the past few years and learned a wide range of skills and ideas for transforming their ideas into film media.

Students have always produced a higher quality of work within classes back at school after their involvement in the festival and over the years we have had repeat attenders, a testament to the enjoyment the students have had whilst attending.

It would be wonderful to attend the festival in future years, especially if it is targeted solely toward secondary students and is providing further educational programs that link with the CAPA syllabi.

Yours Sincerely

Kristen Hepple
