

# STORYHAUS

May 18, 2018

Attention: Annette Hubber  
REAL FILM FESTIVAL

**To whom it may concern**

As a regional screen practitioner in the Hunter, I support the Real Film Festival's application to Screen NSW for the audience development funding program.

Annette Hubber and her team have put together a very exciting and strategic program of industry development workshops, discussion panels, masterclasses, and short film competitions and more to foster and showcase the art of storytelling.

This crucial initiative continues to invigorate the development of our local industry.

Yours sincerely

Karl Brandstater
